

Adams County Crop Projects

660 Corn – A project book is needed for project completion. This book is available from the Extension Office for \$8.00. Corn projects are judged during the Adams County Fair with both an interview and a finished product (stalk, shelled or ears).

Members must be enrolled in the Corn project (660) on or before February 15 in order to participate in project judging at the Fair. During the first year of participation in the Corn project, the member may only bring stalks of corn to the fair. On subsequent years, stalks, ears, or shelled corn may be entered. Finished crop products must be entered in the Jr. Fair crop department according to the guidelines (time of registration, location, entry requirements, etc.) found in the Adams County Fairbook.

661 Small Grains – A project book is needed for project completion. This book is available from the Extension Office for \$8.00. Small Grains projects are judged during the Adams County Fair with both an interview and a finished product (harvested grain).

Members must be enrolled in the Small Grains project (661) on or before February 15 in order to participate in project judging at the Fair. Finished crop products must be entered in the Jr. Fair crop department according to the guidelines (time of registration, location, entry requirements, etc.) found in the Adams County Fairbook.

662 Soybeans – A project book is needed for project completion. This book is available from the Extension Office for \$8.00. Soybean projects are judged during the Adams County Fair with both an interview and a finished product (stalk or shelled).

Members must be enrolled in the Soybeans project (662) on or before February 15 in order to participate in project judging at the Fair. During the first year of participation in the Soybeans project, the member may only bring stalks of soybeans to the fair. On subsequent years, stalks or shelled soybeans may be entered. Finished crop products must be entered in the Jr. Fair crop department according to the guidelines (time of registration, location, entry requirements, etc.) found in the Adams County Fairbook.

665 Tobacco – A project book is needed for project completion. This book is available from the Extension Office for \$8.00. Tobacco projects are judged during the Adams County Fair with both an interview and a finished product (stalk, shelled or ears).

Members must be enrolled in the Tobacco project (665) on or before February 15 in order to participate in project judging at the Fair. During the first year of participation in the Tobacco project, the member may only bring green tobacco to the fair. On subsequent years, both green and

stripped tobacco may be entered. Finished crop products must be entered in the Jr. Fair crop department according to the guidelines (time of registration, location, entry requirements, etc.) found in the Adams County Fairbook.

366 Hay – The hay project is taken in 4-H as a self-determined project. A self-determined project record is needed for project completion. These are free and available online at:

<http://www.ohio4h.org/sites/d6-ohio4h.web/files/Self%20Determined%20Project%20Guide.pdf>

Members must be enrolled in the Hay project (366) on or before February 15 in order to participate in project judging at the Fair. Members may raise and exhibit grass, legume, or mixed hay, which must be mechanically harvested and exhibited as an 8-10” slice. Hay projects are judged during the Adams County Fair with both an interview and a finished product (hay sample). Finished crop products must be entered in the Jr. Fair crop department according to the guidelines (time of registration, location, entry requirements, etc.) found in the Adams County Fairbook.
