 - c. Outside news articles pertaining to county or other 4-H activities may be included as long as your club members were involved in the activity.
6. Scrapbook contents will be judged only on current year's activities.

Suggestions for Excellence:

1. Original cover. Use your imagination. Think of something unique about your club, the county 4-H program, etc.
2. Use a theme for your scrapbook to tell your club's 4-H story.
3. An introductory page should briefly tell about your club.
4. Newspaper articles, pictures and other materials should be identified by date and who or what is involved.
5. Use pictures of club meetings, club members, or member's projects.
6. Captions are encouraged for pictures and newspaper articles/clippings. Print or type neatly. Spell names and words correctly.
7. Neatness and organization is a must—newspaper articles, pictures, drawings, or quotes add interest, but should not clutter.

**The top three scrapbooks will be recognized at the annual
4-H Advisors Recognition and Dinner in October.
Cash prizes will be presented to the winning clubs.**
