

Ohio Beef Cow/Calf Workshop - Optimizing Herd Reproduction and Genetics

Reproduction and genetics are important factors for a cow-calf operation. The long-term investment of genetics plays a critical role in the development and management to ensure longevity within a herd. Join OSU Extension in Adams County to discuss and demonstrate the practices that you might apply on your farm to improve your operation with regards to optimizing reproduction and genetics.

Friday, March 1, 2024, 9:00 am - 2:30 pm, Raines Farms & Greenhouses, 2667 Nichols Ridge Rd, Seaman, OH, 45679

Cost: \$10 per person. RSVP to OSU Extension Adams County at 937-544-2339 by February 21, 2024.
